

"What Other Educators Are Saying About Richard Landry's Motivational Assembly Programs!"

Parkside Elementary / October 30, 2006

We enjoyed your "Drug Free That's Me" show very much. The magic was great and the students loved the involvement. Since our theme was drugs, the message was clear. We had about 300 students at each program and they seemed attentive and involved. The students hope to see Snowball again. Thank you for your professionalism and promptness.

Lincoln School / April 28, 2006

I was impressed with his professionalism: he arrived at the exact time promised, set up himself and was ready to go early. He was enthusiastic and well received by staff and students. His magic was set within a reading theme, providing a meaningful message.

Harris Elementary & Franklin Elementary / October 4, 2006

These 2 reading programs at these schools were done in conjunction with the public broadcast station at WSEC.

Mr. Landry performed at our literacy kick-off programs for our "WSEC Magic of Reading Tour" this year. We were looking for a presenter who could incorporate reading and literacy themes into our events and Richard Landry was absolutely perfect! He had the full attention of the children and his use of audience participation, props, and comedic timing help make the performances very memorable. Mr. Landry's program is a breath of fresh air and is educational, motivational and FUN!

Your show was excellent! I wanted to thank you for a job very well done! It is so evident that you love what you do and it shines through in your performance. Thanks for bringing your talent, comedy and enthusiasm to us. The children loved your show and I really loved the way you incorporated books, reading and our summer reading theme throughout the morning.

I found Mr. Landry easy to work with, and well prepared for the show. The children and the moms laughed often during the show, and many made a point of thanking me for scheduling him for our Kick-off. I would have Richard back again. He will likely become a crowd-pleasing favorite for the El Paso Public Library.

I was truly amazed at how Mr. Landry captured the attention of so many small children. The children thoroughly enjoyed the time spent at the program. Mr. Landry Also encouraged the children to read and reminded them throughout the program that they could be anything they wanted to be if they read.

Quincy Public Library / July 7, 2006

I would like to take this opportunity to let you know that I would recommend your performance to anyone who asked me. Your show was very upbeat and funny. You captured the attention of the children and kept it through the whole show.

I was especially impressed with the genuine caring you showed to our children. You were very polite, very upfront about how you would choose volunteers and knew exactly what would make them laugh.

Thank you so much for incorporating your love of books and reading into the program.

I want you to know how much we enjoyed your programs at our school. The school assembly and the evening parent-family program were both great. Students, parents and teachers were not only entertained, but were reminded of the value of reading. I recommend your services to anyone.

Pat Janes, Principal

LaHarpe Elementary School - LaHarpe, IL

I wish to recommend Mr. Landry for A Touch of Magic program at your school or student group. Mr. Landry performed to a record crowd of parents, children and family members at our evening event. In addition to the entertainment value, Mr. Landry brought an educational message to the children and parents that reading is fun, informative and important. Please feel free to call me, or our staff coordinators (Brenda Sparrow or Lynne Ward), if you would like more information.

Richard presented his message "DON'T LOSE YOUR HEAD" to my school on October 28, 2003 to help promote our Character Education Program. As the Principal, I was at the front of the room and was able to watch the audience. They laughed, opened their mouths with awe, and participated in it entirely. I think Mr. Landry held their attention better than anyone I have had. The best testimonial to a good performance is the evaluation of the staff. They laughed and participated right along with the students. I would recommend Mr. Landry to any school that needs a great message and a great presenter.

St. Agnes School - Springfield, IL

Richard Landry performed his magic program with an emphasis on reading to our students. He was fantastic! He was a true magician as he weaved his message about reading throughout his magic. The children were captivated as well as the teachers. I would highly recommend Mr. Landry for any event. He got his message across to the children and they had a wonderful time enjoying the show. It would be a treat to have Mr. Landry as your guest.

Trish Penning, Teacher

Allendale Community School - Allendale, IL

Mr. Landry presented his Three R's program to our student body. The students ranging in age from Pre-K to 8th grade enjoyed the program greatly. The message was a very positive way to encourage respect of self, others and property. Several students were also able to participate in the

presentation. Mr. Landry seems to really care about children. He has a great message presented in a unique and entertaining way. I would recommend his programs to any other school or organization.
